

Dear Crown Point Families,

Happy 2021-2022 School Year!!! It is an honor to be serving as your principal. I have enjoyed spending my summer getting to know some of you through phone calls or in-person meetings, and I can't wait to meet more of you throughout the year. This school year one of my goals is that every child, staff member, family, & community member feel CONNECTED to our amazing school. We are registering so many new families and have welcomed new staff over the summer as well. Please keep in mind that all current class placements are subject to change, but if/when that needs to happen, our staff will communicate clearly to help ease the transition for all. Please read through all the information in your back to school envelope that will be coming home soon and keep it in a safe place. Can't wait to see you!
