

The APUSH Summer Assignment

AP United States History is a challenging class introducing college level concepts to clever high school students. To help you prepare for the course, NWSA requires all enrolled students to complete a summer assignment prior to the first day of class. No, it's not optional! Yes, other schools also require such work. Be ready... your class begins in August, 2019 and all summer work is due on the first day of class. If you encounter a special circumstance, please contact me at alan.vitale@cms.k12.nc.us as early as possible. Our first test of the year will be based on the summer assignment and is given during the first week of class. To avoid a "cram session" and unneeded stress during the first week, finish the work! Trust me... it will help you with this course.

After you started the summer assignment, I suggest purchasing a guide book if you have a little spare cash:

The BEST and most complete guide is the AMSCO APUSH guide. It is extremely helpful and a worthwhile investment at about \$20- \$25.00 or so. It is strongly advised and [can be found here:](#)

If you want to be doubly prepared, you can pick up a copy of another guidebook like the Princeton Review, REA or Larry Krieger's AP U.S. History guides. They are also about \$20-\$25 and can be found at local bookstores and Amazon. If you do not have any summer funds, please reach out to me and I will provide a guide for you based on need.

The Summer Assignment:

Part 1- Read or watch the first 3 chapters.

Resources:

1) **WATCH**- We may use a different version of AP textbook when class begins but you can watch video reviews for the first 3 chapters of the old textbook at the **following link**: https://www.youtube.com/playlist?list=PLlair5BOIPJb3ssG437dZYH3_YbY-ssBD The summer assignment is only for Chapters 1-3. Doing more is hazardous to your summer happiness but feel free to explore if you want.

2) Or **READ**- If you prefer to READ instead of watch the first three chapters, try the this link: <http://nebula.wsimg.com/4f63d5c96323c22164d1843678e2b57b?AccessKeyId=765F1BB44DEFE9C8BE2C&disposition=0&alloworigin=1>
