4. ILT visit to Butler HS, 2016-17 literacy initiative, and ILT walk-through data gatherings all were discussed
5. Ms. Spears mentioned good news that the School is a “B” school which is great compared the “D” score before; bad news reported=tardies are increasing and are taking corrective action.
6. Did discuss how much more difficult it is to teach “critical thinking” when kids all have access to instant answers off the internet, etc and though have the answers do not understand those answers.
7. Next meeting date: Jan. 9, 1017
8. Ms. Spears mentioned the progress on the new bldg. and excited about the fact a recording studio is included. Most likely will be the only Charlotte-Meck school with that studio and other schools will want to use; at some pt. a protocol for outside use will have to be developed.
