

CMS Summer Blitz Program 2015

Are you looking for ways to keep your child learning during the summer? Are you looking for free safe educational web tools that your child can access anywhere, anytime? This summer students are encouraged to play using digital tools. The district has provided free access to digital tools that build math and reading skills. Simply visit the Summer Learning BLITZ website to access the digital tools. Students have a chance to win prizes based on the amount of time they spend extending their learning using digital tools.
