

CHECK OUT SOME OF THE APPS WE ARE USING AT QHMS!

All Content Areas

Edmodo

Award-winning Edmodo for iPod touch, iPhone, and iPad makes it easy for teachers and students to stay connected and share information. Use your iOS device to send notes, submit assignments, post replies, and check messages and upcoming events while away from the classroom. Teachers can post messages, keep tabs on recent assignment submissions, and grade assignments. Students can view and turn in assignments and check their latest grades. Class discussions can be conducted securely, both during and outside of school hours. Files can be shared between Edmodo and other applications such as Pages.

Khan Academy

Khan Academy allows you to learn almost anything for free. Our iOS app is the best way to view Khan Academy's complete library of over 3,500 videos. We cover a massive number of topics, including K-12 math, science topics such as biology, chemistry, and physics, and even the humanities with playlists on finance and history. Spend an afternoon brushing up on statistics. Discover how the Krebs cycle works. Learn about the fundamentals of computer science. Prepare for the upcoming SAT. Or, if you're feeling particularly adventurous, learn how fire stick farming changed the landscape of Australia.

Popplet By Notion

Great for work. Great for school. Popplet is a platform for your ideas. Popplet's super simple interface allows you to move at the speed of your thoughts. With Popplet you can capture your ideas, sort them visually, and collaborate with others in realtime. Quickly and easily!

Show Me

Turn your iPad into your personal interactive whiteboard! ShowMe allows you to record voice-over whiteboard tutorials and share them online. It's an amazingly simple app that anyone can use, no matter how young or old!

Skitch By Evernote

Express yourself with fewer words, emails and meetings...with Skitch! Use shapes, arrows, sketches and text annotation to get your point across fast. Mark up photos, screenshots, maps, and webpages then share them with anyone you like.

Art

Let's Create: Pottery

Free your creativity! With Let's Create: Pottery making ceramics has never been more simple and fun! Become a true artist and create "one of a kind" pottery items and share them with your friends! Throw the clay on the wheel, release all your artistic talents and take benefit of dozens of materials available in order to create your own design! Even when you glaze and fire your very first pot you will feel accomplished and relaxed as pottery is the best way to relieve your everyday stress and find your inner peace. An amazing, therapeutic and uplifting experience you can enjoy with your family and friends!

Dance/Physical Education

Coach's Eye

By TechSmith Corporation

Record it. Break it down. Get better.

Improve your pitcher's fastball, straighten your golf swing, easily break down a volleyball serve, improve soccer skills, or even demonstrate weightlifting form. Coach's Eye makes instant feedback possible on the field or on the go.

Language Arts and Social Studies

Description

Just like our iPhone app, you can create accurate MLA, APA, and Chicago style citations in seconds by scanning a book bar code or by typing the name of a book. Build and manage your works cited list on the larger screen of the iPad. Once done, email your citations and then export your citations to EasyBib.com's popular bibliography management service.

Math

Math !!!

By Math Pentagon

Practice Real Math Problems On Your iPad Math App.

Math Worksheets on iPad for Grade 4, Grade 5, Grade 6, Grade 7 and Grade 8.

Algebra, Geometry, Statistics, Decimals, Fractions, Percent, Ratios, Proportion, Trigonometry

Middle school math teachers/parents: Supplement math lessons with an array of practice problems. Math pentagon is a structured math learning program that engages students by letting them practice math worksheets, complete exercises & assignments on iPad Math App. Teachers/Parents can capture student performance data, review and understand student progress - thereby saving time, paper, money and enhancing productivity.

Music

8notes.com

Download free sheet music and search over 9000 free pieces in the free sheet music database.

Shazam

Music - Identify songs in as little as 1 second, preview or buy the track, get streaming lyrics, YouTube videos and more.

Download and experience the 9th most downloaded app of all time.

Science

101 Science

By Centered Systems

In the popular book, 101 Things Everyone Should Know About Science, kids, ages 8-12, are challenged with questions about Biology, Chemistry, Physics, Earth Science and General Science. Now, you can take all the fun of science from the book anywhere! With this quiz application, you can test your science knowledge on the go!

Kids: Get ready for school! Test your friends and siblings! Do they get better scores than you?
Parents: Make sure your kids stay on top of their science topics! Can you score as high as your kids?

K12 Periodic Table of the Elements

K12 Periodic Table of the Elements lets you explore the elements and their key attributes in a simple, easy-to-use way. It's a perfect reference for working through homework problems for Science courses.

National Geographic Explorer

Optimized for the new iPad, National Geographic Explorer brings learning alive. Ten annual issues support common core standards with text, video, audio and infographics. High-interest articles engage kids in science and social studies. Each issue also comes with teaching notes that extends the learning. Issues come out in January/February, March, April, May, June, July, August, September, October, and November/December.

Science Glossary

By Visionlearning, Inc.

A glossary of scientific terms and short biographies that support our science education website, <http://www.visionlearning.com>. All definitions link to related terms and to free, detailed science learning modules. Though geared for high school and undergraduate students using our website, the glossary and modules are appropriate for anyone generally interested in science.

Social Studies
