

West Charlotte High School Presents:

On March 22, 2016, West Charlotte High School will hold a school-wide assembly that will honor and recognize our beloved alumni. During this program, students will learn about our school's rich history and culture. Topics discussed will include the movement to desegregate our campus, busing efforts of the past, and the culture and pride of West Charlotte. Members of the community and former alumni are involved in the program and will be present.

In an effort to introduce the history to our scholars prior to the assembly, a school wide assignment will be distributed. The assignments are varied and completion is optional; however, should your class participate you all will be given VIP access to the event.

All classes are invited to attend, but the assembly sign-up sheet will be on a first come/first serve basis. Those classes that complete the assignment will automatically be granted entry into the program. Thank you for your participation, and let's all work together to make this assembly a success. UJIMA!
